

## Our bundle of pharmacy services delivers all kinds of ROI, including more time for patient care.

After 25 years serving independent pharmacies, we know the pressures you face working to maximize profitability while optimizing patient care. That's why we created our new Independent Pharmacy Services Bundle – to help you improve productivity, drive traffic and grow revenue. **Here's what's in the Bundle:**

### Rx Returns (Potential ROI: \$3,500 avg/yr.)

Our clients recognize up to **25% more** credit by leveraging Inmar's returns management solution. Available on-site service combined with robust reporting and enhanced visibility ensures maximum returns credit and manufacturer policy compliance.

### Rx Recon (Potential ROI: \$25,000 avg/yr.)

Inmar's Pharmacy Financial Management and Collections Services mitigate receivables risk, improve cash flow and deliver critical business-building intelligence. With our best-in-class solution in place, clients can see a **20% - 50% reduction** in write-offs thanks to more visibility into payer activity.

### Consumer Drug Take-Back (Potential ROI: \$8,400 avg/yr.)

This self-service, customer-friendly medication take-back program supports your efforts to combat prescription drug abuse and drives increased store traffic by giving shoppers and patients another reason to visit your location.
