The Art of Catering

OneLodge Food Services

Cotton Culinary operates a half dozen full service OneLodge kitchens.

To meet the demands of the workforces housed at each location, kitchen staff operate around-the-clock providing three meals per day and 24-hour snack and beverage service.

Our OneLodge dining halls are adjoined by an indoor recreation center featuring billiards, card tables, lounge areas, computer stations and fitness rooms. Because the dining halls are the social mecca of the lodge, culinary staff take extra care to ensure the guests feel at home - whether they're planning their day over coffee or catching the game after work. By getting to know guests on a first name basis our friendly staff creates a spirit of community throughout the lodge. Cotton Culinary also has the ability to integrate their catering operations into an independently owned lodging facility that's not under the Cotton or OneLodge brand.

Cotton Culinary understands that the communal perception of the in-house food service can make or break an operation; therefore an experienced management team is the key ingredient to ensure this critical component runs seamlessly with other daily activities on property. No matter the setting, our dedicated culinary staff take great pride in the role they play in the overall success of the business and are constantly looking for ways to enhance the quality and efficiency of the meals to keep guests coming back.
